

## High-capacity extractor S 200

ref.no.: 91A301

EAN: 4032689200194

### Technical data

Bin capacity	200 l
Hose connector	Ø 66 / 58 mm
Nominal power input	1400 W
Weight	38 kg
Universal motor	230 V / 50 Hz

### Delivery specification

- 1 Extractor S 35 M
- 1 Bac 200 l
- 2 Chip bags S 200
- 1 Extractor mounting
- 1 Hose guard

## Examples for usage

Machine holder S 200-MH provides a safe resting place for the DSS 300 cc either on the highcapacity extractor or – with the aid of scaffold clamps – when working at heights.

Docking station for parallel fence and/or edge guide.

Cutting wood fiber insulating materials generates enormous quantities of dust and chips. The S 200 effortlessly collects up to 90% of the airborne waste.

## Applications

---

- ▶ For wet and dry pick-up
- ▶ For picking up waste
- ▶ Compatible materials include dust, chips, liquids

## Advantages

---

- ▶ Docking station for parallel fence and/or edge guide.
- ▶ The bayonet catch and spiral guard provide a reliable connection and prevent kinking of the hose.
- ▶ Handles - these aid maneuverability and allow the extractor to be lifted by a crane.

## Description

---

Given the appropriate accessories, insulating materials can be cut precisely in an almost infinite number of ways. The compact and highly flexible workbench allows you to work with extreme accuracy, even when making very long cuts. A more pleasant working atmosphere and ease of handling are ensured by the powerful high-capacity extractor.

The extractor offers a generous capacity of 200 liters. Chips are collected in a reusable woven bag with a window and level indicator.

The delivery scope of the S 200 also includes a 35-liter container. This gives you all the benefits of a full-spec extractor, such as Permanent Clean functionality, a nano-coated main filter and intelligent iPulse sensor technology.
